RESPONSE FORM 1 - TECHNICAL PROPOSAL PACKAGE

1 - Table of Contents

The intent of Form C - Technical Propoosal is to allow potential contractors to demonstrate their capabilities in meeting the MBTA's requirements for supplemental disinfecting services. You are being asked to complete and submit this technical proposal that will constitute the basis for determining whether your experiences, procedures, equipment and oversight can be successful in delivering the service requested by the MBTA.

Each tab in this file contains one or more questions regarding specific technical capabilities. All tabs should be completed and the format of this file should not be change. Specific instructions are provided on each tab where necessary.
